The demands placed on the surgical team, the instruments used, and the processes before, during, and after surgery are therefore particularly high. As a reliable, recognised partner for all surgical processes, B. Braun and Aesculap incorporate a wide variety of products and services into intelligent, cost-effective solutions for surgical teams and hospitals.

General Open Surgery - B. Braun

Aesculap Surgical Asset Management professionals have identified 128 different instrument manufacturers per site. This proliferation of vendors unnecessarily adds complexity to the sterile processing and perioperative process and invites errors. Asset Analysis by Aesculap is an extensive review of the surgical instrument fleet.
