Business-to-business is a situation where one business makes a commercial transaction with another. This typically occurs when: A business is sourcing materials for their production process for output. Example: Providing raw material to the other company that will produce output. A business needs the services of another for operational reasons. A business re-sells goods and services produced by others. B2B is often contrasted with business-to-consumer. In B2B commerce, it is often the case that
