The Crucible is a 1953 play by American playwright Arthur Miller. It is a dramatized and partially fictionalized story of the Salem witch trials that took place in the Massachusetts Bay Colony during 1692/93. Miller wrote the play as an allegory for McCarthyism, when the United States government ostracized people for being communists. The play was first performed at the Martin Beck Theatre on Broadway on January 22, 1953, starring E. G. Marshall, Beatrice Straight and Madeleine Sherwood. Miller felt that this production was too stylized and cold and the reviews for it were largely hostile (although The New York Times noted "a powerful play [in a driving performance]"). Nonetheless, the production won the 1953 Tony Award for Best Play - In Salem Massachusetts, a group of girls are caught by the puritan Minister Reverend Parris dancing naked in the forest. The Reverend's daughter collapses immediately on sighting her father knowing well the consequences of their sin and the severe punishment that may be met on them. They however allege that they have been bewitched by the witches. - Due to their claims, a special court is set up to investigate this alleged claim by the girls prompting judges to come all the way from Boston to assist the residence of Salem - As court

proceedings are going on, the supposedly afflicted girls indict individuals in the town of witchcraft, over and over again choosing victims who they or their families loathe. The special courts discovers over a hundred of Salem citizens are witches...The court's attempt to preserve Puritan morality by arresting and putting to death accused witches ironically leads to the removal of the most righteous people in the society.

A haunting examination of groupthink and mass hysteria in a rural community A Penguin Classic "I believe that the reader will discover here the essential nature of one of the strangest and most awful chapters in human history," Arthur Miller wrote in an introduction to *The Crucible*, his classic play about the witch-hunts and trials in seventeenth-century Salem, Massachusetts. Based on historical people and real events, Miller's drama is a searing portrait of a community engulfed by hysteria. In the rigid theocracy of Salem, rumors that women are practicing witchcraft galvanize the town's most basic fears and suspicions; and when a young girl accuses Elizabeth Proctor of being a witch, self-righteous church leaders and townspeople insist that Elizabeth be brought to trial. The ruthlessness of the prosecutors and the eagerness of neighbor to testify against neighbor brilliantly illuminate the destructive power of socially sanctioned violence. Written in 1953, *The Crucible* is a mirror Miller uses to reflect the anti-communist hysteria inspired by Senator Joseph McCarthy's "witch-hunts" in the United States. Within the text itself, Miller contemplates the parallels, writing: "Political opposition...is given an inhumane overlay, which then justifies the abrogation of all normally applied customs of

civilized behavior. A political policy is equated with moral right, and opposition to it with diabolical malevolence." For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Grand Concourse is a play by playwright and two-time Obie Award-winning actor Heidi Schreck. It tells the story of Shelley. Having dedicated her life to religious service, Shelley runs a Bronx soup kitchen with unsentimental efficiency. When Emma—a rainbow-haired college dropout—arrives to volunteer, her volatile mix of generosity and self-involvement throws Shelley's life into chaos. She brings a needed jolt to the place, helping a long-time client toward a new job, but her energy also proves unsettling. Even as Emma's behavior grows steadily more erratic, Shelley still wants to believe in her, despite the mounting evidence that she shouldn't. Shelley must finally ask herself how well she really knows the people she sees every day, how much she can trust them, and what she can and cannot forgive. With both humor and generosity Grand Concourse asks big questions about the limits of both compassion and forgiveness.

Paris, 1708. Eraste, a worthy though penniless young man, is in love with the fair Isabelle, but her forbidding mother, Madame Argante, will only let the two marry if Eraste can show he will

inherit the estate of his rich but miserly Uncle Geronte. Unfortunately, old Geronte has also fallen for the fair Isabelle, and plans to marry her this very day and leave her everything in his will—separating the two young lovers forever. Eraste's wily servant Crispin jumps in, getting a couple of meddling relatives disinherited by impersonating them (one, a brash American, the other a French female country cousin)—only to have the old man kick off before his will is made! In a brilliant stroke, Crispin then impersonates the old man, dictating a will favorable to his master (and Crispin himself, of course)—only to find that rich Uncle Geronte isn't dead at all and is more than ever ready to marry Isabelle! The multiple strands of the plot are unraveled to great comic effect in the streaming rhyming couplets of French classical comedy, and everyone lives happily, and richly, ever after.

Clint Emerson, retired Navy SEAL and author of the bestselling *100 Deadly Skills*, presents an explosive, darkly funny, and often twisted account of being part of an elite team of operatives whose mission was to keep America safe by whatever means necessary. Clint Emerson is the only SEAL ever inducted into the International Spy Museum. Operating from the shadows, with an instinct for running towards trouble, his unique skill set made him the perfect hybrid operator. Emerson spent his career on the bleeding edge of intelligence and operations, often specializing in missions that took advantage of subterfuge, improvisation, the best in recon and surveillance tech to combat the changing global battlefield. MacGyvering everyday objects into working spyware was routine, and fellow SEALs referred to his activities simply as "special shit." His parameters were: find, fix, and finish—and of course, leave no trace. *The Right Kind of Crazy* is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy—but it does make for damn good stories.
