In MEG: Generations, Steve Alten New York Times bestselling author continues his terrifying series. MEG: GENERATIONS opens where MEG: NIGHTSTALKERS left off. The Liopleurodon offspring has been moved to a holding tank aboard the Dubai-Land transport ship, Tonga for its journey to the Middle East. While the Crown Prince's investors gawk at the creature, below deck in the tanker's hold, another captured beast is awakened from its drug-induced state and goes on a rampage. The vessel sinks, the Lio escapes At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Information on routine servicing and repair for the DIY mechanic, with tasks described and photographed in a step-by-step sequence.

Book 3 in the Promises series. Wyoming Territory 1870 Widowed and barren, Jenna sees the newborn left on her doorstep as a priceless gift worthy of any sacrifice. She knows she'll need a husband to keep the baby, but nothing prepares her for the man who offers. Big and dark, simmering with a deadly intensity, Clint McKinnely could put fear into the devil. He certainly strikes fear into her. But Jenna soon discovers that the man behind the reputation is the one man she longs to trust. A hard man burned out by the choices he's made, Clint is looking for a reason to go on. He finds one in Jenna Hennessy. Lushly plump, sweet and shy, she calls to him on every level. When it looks as though Jenna might lose the daughter she loves for lack of a husband, Clint steps forward. Having Jenna in his home brings Clint a peace he's never known, but even as he ferrets out the secrets that haunt Jenna's nightmares, Clint keeps his own close to his chest, knowing this marriage is temporary because there are some sins a man can't expect his wife to forgive.

The Modern Survival Manual is based on first hand experience of the 2001 Economic Collapse in Argentina. In it you will find a variety of subjects that the author considers essential if a person wants to be prepared for tougher times: -How to prepare your family, yourself, your home and your vehicle -How to prepare your finances so that you don't suffer what millions in my country went through -How to prepare your supplies for food shortages and power failures -How to correctly fight with a chair, gun, knife, pen or choke with your bare hands if required -Most important, how to reach a good awareness level so that you can avoid having to do all that These are just a few examples of what you will find in this book. It's about Attitude, and being a more capable person and get the politically correct wimp out of your system completely.

The 7th Edition of Global Marketing Management prepares students to become effective managers overseeing global marketing activities in an increasingly competitive environment. The text's guiding principle, as laid out concisely and methodically by authors Kotabe and Helsen, is that the realities of international marketing are more "multilateral." Suitable for all business majors, the text encourages students to learn how marketing managers work across business functions for effective corporate performance on a global basis and achievement of overall corporate goals. Global Marketing Management brings timely coverage in various economic and financial as well as marketing issues that arise from the acutely recessionary market environment.

These photographs form part of a project to document the area between Manchester and Oldham, England in 1984-1986.

Naturally aspirated Mopar Wedge big-blocks are quite capable of producing between 600 to 900 horsepower. This book covers how to build Mopar's 383-, 400-, 413-ci, 440-ci engines to these power levels. Discussed is how to select a stock or aftermarket block for the desired performance level. The reciprocating assembly is examined in detail, so you select the right design and material for durability and performance requirements. Cylinder heads and valve train configurations are crucial for generating maximum horsepower and torque and this volume provides special treatment in this area. Camshafts and lifters are compared and contrasted using hydraulic flat tappet, hydraulic roller and solid flat tappet cams. Also, detailed engine builds at 600, 700, 800, and 900 horsepower levels provide insight and reveal what can be done with real-world component packages.

Learn about numbers, colors, animals, and more with the characters from Baby Einstein! This take-along library comes in a carrying case with a plastic handle for easy transport and storage.
