What insurance adjusters need to know about handling Texas insurance claims. Texas has very specific laws regarding how insurance carriers should be handling claims. Failure to follow these requirements may lead the insurance carrier into owing penalties in addition to the original value of the claim. Mark Courtois applies his 25 year insurance defense background to give adjusters what they need to know to handle Texas insurance claims correctly. Topics covered in this Guide include: the Prompt Payment of Claims Act, bad faith, unfair settlement practices, subrogation, policy limits demands, and the Texas Deceptive Trade Practices Act. Special worksheets are provided to assist adjusters in responding timely to the time deadlines of first party claims, the time deadlines of responding to an

insurance code or deceptive trade practices demand, and a policy limits demands. No adjuster handling Texas claims should be without this Guide.

This classic, comprehensive book is divided into three sections. The first section examines the concept of risk, the nature of the insurance device, and the principles of risk management. This section also provides an overview of the insurance industry. The second section examines the traditional fields of life and health insurance as solutions to the risks connected with the loss of income. The Social Security system, workers compensation, and other social insurance coverages are discussed. The final section deals with the risks associated with the ownership of property and legal liability. Updated to reflect the changes in the field of insurance since 1996, and a listing of Web sites of interest.

Detailed explanation of which bank and savings accounts qualify for federal deposit insurance coverage, how one person can have multiple accounts covered, and when the temporary \$250,000 coverage will revert to \$100,000.

Includes entries for maps and atlases.
