The 1982 Masters (also known as the 1982 Volvo Masters for sponsorship reasons) was a men's tennis tournament held in Madison Square Garden, New York City, United States between 18-23 January 1983.It was the year-end championship of the 1982 Volvo Grand Prix tour and was played on indoor carpet courts. The round-robin format of previous editions was replaced by a knock-out tournament ...

1982 Volvo Masters - Wikipedia

In the aftermath of the British Grand Prix and Lewis' victory, I dug up and re-watched an old DVD documentary "British Grand Prix Greats". Although the DVD case looks very nondescript, the actual content of the film is pretty good, especially if you like watching 50's and 60s era cars.

Twenty-five of the greatest names in Formula 1 motor racing are featured in this book, which combines personal reminiscences from the pits and the race track. It includes specially commissioned full colour portraits of each driver.

Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain. It lists all secondary source material including reference works, in a classified order to meet the needs of the sports historian.

Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain. It lists all secondary source material including reference works, in a classified order to meet the needs of the sports historian.

Who has been the world's greatest driver, and how do you prove it? With an eye for detail and a flair for storytelling, this book explores motor racing's rich history in pursuit of the best driver the world has ever seen. Most enthusiasts have a strongly held opinion as to racing's finest driver over the century of the motor car. By putting aside bias and personal opinion, this book's exhaustively researched, results-based analysis provides a definitive answer through clear and logical evaluation. These carefully considered, significant statistics, when merged together, reveal with incisive objectivity motor sport's greatest driver as well as the qualities that define greatness. Contentious? Possibly. Thought-provoking? Definitely. Author Angus Dougall captures many aspects of the motor racing world with a selection of revealing anecdotes on the highlights of racing's biggest stars, together with stories that bring to life people, places, insider's opinions of drivers, circuits, constructors, politics, insights, and comments on many of the drivers. For readers wishing to peruse the actual detail, there is a vast array of appendices displaying extensive race results lists, charts on driver performance, and car analysis. Motor racing fans, climb on board and hold on for an intriguing ride to the pinnacle of greatness.

Presents a collection of bibliographic essays that describe the history, culture, and impact of the automobile and automobile industry in the United States.

The story of global sport is the story of expansion from local development to globalized industry, from recreational to marketized activity. Alongside that, each sport has its own distinctive history, sub-cultures, practices and structures. This ambitious new volume offers state-of-the-art overviews of the development of every major sport or classification of sport, examining their history, socio-cultural significance, political economy and international reach, and suggesting directions for future research. Expert authors from around the world provide varied perspectives on the globalization of sport, highlighting diverse and often underrepresented voices. By putting sport itself in the foreground, this book represents the perfect companion to any social scientific course in sport studies, and the perfect jumping-off point for further study or research. The Routledge Handbook of Global Sport is an essential reference for students and scholars of sport history, sport and society, the sociology of sport, sport development, sport and globalization, sports geography, international sports organizations, sports cultures, the governance of sport, sport studies, sport coaching or sport management.

Traces the development of athletics in the United States by examining the sporting experience of Native Americans, African Americans and the immigrant groups of the United States from Colonial times to the present.
