This book explores the social significance of letter writing. Letter writing is one of the most pervasive literate activities in human societies, crossing formal and informal contexts. Letters are a common text type, appearing in a wide variety of forms in most domains of life. More broadly, the importance of letter writing can be seen in that the phenomenon has been widespread historically, being one of earliest forms of writing, and a wide range of contemporary genres have their roots in letters. The writing of a letter is embedded in a particular social situation, and like all other types of literacy objects and events, the activity gains its meaning and significance from being situated in cultural beliefs, values, and practices. This book brings together anthropologists, historians, educators and other social scientists, providing a range of case studies that explore aspects of the socially situated nature of letter writing.

In *A Style and Usage Guide to Writing About Music*, Thomas Donahue presents a collection of guidelines to help express through the written word the special notations, terms, and concepts found in the discipline of music. It concentrates on questions of style and format in the interest of good formal writing within the context of United-States English, so that writers may communicate their ideas clearly and effectively. While compiling the guidelines, Donahue reviewed content from many other music and general guides. He documented the most common formats in order to assist the writer in selecting an appropriate format for the given circumstance when more than one may apply. The book draws on profuse musically-oriented examples and is arranged by topics both musical and typographic, such as the proper use and spelling of composer names and musical concepts; the use of notes, pitches, and octave delineations; letters and numbers employed to describe form and harmony; when, where, and how to apply compound words and hyphenation of terms and names; and the proper citation of musical and audiovisual sources. The book concludes with a glossary of typographic terms, a bibliography, and a comprehensive index, making this a

How do you spell Rachmaninov? Where do you place the hyphen in Hofmannsthal if it breaks across two lines? Is it premiere or premi è re? The answers and much more can be found in a new, essential resource for authors, students, editors, concert producers—anyone who deals with music in print. An expanded version of the style sheet for the well-known journal *19th-Century Music*, this small volume covers some of the thorniest issues of musical discourse: how to go about describing musical works and procedures in prose, the rules for citations in notes and bibliography, and proper preparation of such materials as musical examples, tables, and illustrations. One section discusses program notes, another explains the requirements of submitting manuscripts written on a word processor. An appendix lists common problem words.
