This new book provides a fresh, innovative approach that enables students to master the Bluebook citation rules needed in legal research and writing courses and in legal practice. It combines detailed, yet easy-to-understand, explanations and examples of Bluebook rules with different types of exercises, which are also available online. The exercises begin with multiple choice questions that assist students' mastery of discrete rules, followed by short answer questions that allow students to practice implementing the rules by drafting individual citations. Finally, a comprehensive exercise puts citations in the context of a legal document and requires students to make the necessary corrections. The available answers for all exercises (included in the available Teacher's Manual) include detailed explanations that further students' understanding of the applicable rules. Chapters and corresponding exercises in this book cover the following topics:

foundation through a step-by-step series of targeted exercises that both reinforce the basics and introduce new rules. Each exercise presents a caption from an authority and all the necessary information to prepare a full or short form citation. The workbook concentrates on the citations used most in the classroom and in practice. Workbook exercises are grouped to correspond with chapters in Understanding and Mastering The Bluebook, with one or more sets of exercises of ten questions each. The more complex citation forms, such as cases and statutes, are divided into multiple ten-question sets, each targeting a specific subset of rules. A review exercise is provided for cases and statutes which can be used as additional practice or as a quiz. The workbook is planned to give students the practice they need to master citation, while easing the burden on teachers to create exercises and provide detailed feedback. Space is provided in the workbook for
