Featuring full-color photographs and illustrations throughout, this text is a comprehensive guide to Japanese culture. The richness of Japan's history is renowned worldwide. The heritage of culture that its society has produced and passed on to future generations is one of Japan's greatest accomplishments. In Introduction to Japanese Culture, you'll read an overview, through sixty-eight original and informative essays, of Japan's most notable cultural achievements, including: Religion, Zen Buddhism, arranged marriages and Bushido Drama and Art—from pottery, painting and calligraphy to haiku, kabuki and karate Cuisine—everything from rice to raw fish Home and Recreation, from board games such as Go to origami, kimonos and Japanese gardens The Japan of today is a fully modern, Westernized society in nearly every regard. Even so, the elements of an earlier age are clearly visible in the country's arts, festivals, and customs. This book focuses on the essential constants that remain in present-day Japan and their counterparts in Western culture. Edited by Daniel Sosnoski, an American writer who has lived in Japan since 1985, these well-researched articles, color photographs, and line illustrations provide a compact guide to aspects of Japan that often puzzle the outside observer. Introduction to Japanese Culture is wonderfully informative, a needed primer on the cultural make-up and behaviors of the Japanese. This book is certain to fascinate the student, tourist, or anyone who seeks to know and understand Japanese culture, Japanese etiquette, and the history of Japan.

Specifically designed for use on a range of undergraduate and graduate courses, Introducing Japanese Popular Culture is a comprehensive textbook offering an up-to-date overview of a wide variety of media forms. It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production, as well as, politics, society, and economics. As a result, more than being a time capsule of influential trends, this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it. With contributions from an international team of scholars, representing a range of disciplines from history and anthropology to art history and media studies, the book's sections include: Television Videogames Music Popular Cinema Anime Manga Popular Literature Fashion Contemporary Art Written in an accessible style by a stellar line-up of international contributors, this textbook will be essential reading for students of Japanese culture and society, Asian media and popular culture, and Asian Studies in general.

This book explores the Japanese notion of hakanasa - the evanescence of all things. Responses to this idea have been various and even contradictory: asceticism, fatalism, conformism, hedonism, materialism, and careerism. This book examines the ties between an epistemology of constant change and Japan's formal emphasis on etiquette and visually.

This book explores the Japanese notion of hakanasa

The Routledge Handbook of Japanese Culture and Society is an interdisciplinary resource that focuses on contemporary Japan and the social and cultural trends that are important at the beginning of the twenty-first century. This Handbook provides a cutting-edge and comprehensive survey of significant phenomena, institutions, and directions in Japan today, on issues ranging from gender and family, the environment, race and ethnicity, and urban life, to popular culture and electronic media. Written by an international team of Japan experts, the chapters included in the volume form an accessible and fascinating insight into Japanese culture and society. As such, the Handbook will be an invaluable reference tool for anyone interested in all things Japanese. Students, teachers and professionals alike will benefit from the broad ranging discussions, useful links to online resources and suggested reading lists. The Handbook will be of interest across a wide range of disciplines including Japanese Studies, Cultural Studies, Anthropology, Sociology and Asian Studies in general.

This Companion provides a comprehensive overview of the influences that have shaped modern-day Japan. Spanning one and a half centuries from the Meiji Restoration in 1868 to the beginning of the twenty-first century, this volume covers topics such as technology, food, nationalism and rise of anime and manga in the visual arts. The Cambridge Companion to Modern Japanese Culture traces the cultural transformation that took place over the course of the twentieth century, and paints a picture of a nation rich in cultural diversity. With contributions from some of the most prominent scholars in the field, The Cambridge Companion to Modern Japanese Culture is an authoritative introduction to this subject.

An Introduction to Japanese Society challenges the traditional notion that Japan comprises a uniform culture.

Japanese Culture: The Religious and Philosophical Foundations takes readers on a thoroughly researched and extremely readable journey through Japan's cultural history. This much-anticipated sequel to Roger Davies's best-selling The Japanese Mind provides a comprehensive overview of the religion and philosophy of Japan. This cultural history of Japan explains the diverse cultural traditions that underlie modern Japan and offers readers deep insights into Japanese manners and etiquette. Davies begins with an investigation of the origins of the Japanese, followed by an analysis of the most important approaches used by scholars to describe the essential elements of Japanese culture. From there, each chapter focuses on one of the formative elements: Shintoism, Buddhism, Taoism, Zen, Confucianism, and Western influences in the modern era. Each chapter is concluded with extensive endnotes along with thought-provoking discussion activities, making this volume ideal for individual readers and for classroom instruction. Anyone interested in pursuing a deeper understanding of this complex and fascinating nation will find Davies's work an invaluable resource.

"Since ancient times, the Japanese have lived with superstitions of strange presences and phenomena known as "y?kai," creating a culture by turns infused with unease, fear, and divinity. Tsukimono spirit possessions. Fearsome kappa, oni, and tengu. Yamauba crones. Ghostly y?rei. Otherworldly jinjin ... Where did they come from? Why do they remain so popular? Written by Japan's premier scholar of y?kai and strange tales, this book is both an introduction to the rich imagination and spirituality of Japan's y?kai culture and a history of the authors and writings that have shaped y?kai studies as a field"--Back cover.

This Companion is a comprehensive examination of the varied ways in which gender issues manifest throughout culture in Japan, using a range of international perspectives to examine private and public constructions of identity, as well as gender- and sexuality-inflected cultural production. The Routledge Companion to Gender and Japanese Culture features both new work and updated accounts of classic scholarship, providing a go-to reference work for contemporary scholarship on gender in Japanese culture. The volume is interdisciplinary in scope, with chapters drawing from a range of perspectives, fields, and disciplines, including anthropology, art history, history, law, linguistics, literature, media and cultural studies, politics, and sociology. This reflects the fundamentally interdisciplinary nature of the dual focal points of this volume—gender and culture—and the ways in which these themes infuse a range of disciplines and subfields. In this volume, Jennifer Coates, Lucy Fraser, and Mark Pendleton have brought together an essential guide to experiences of gender in Japanese culture today—perfect for students, scholars, and anyone else interested in Japan, culture, gender studies, and beyond.
