"At the mercy of the scheming Imperial Chamberlain, Cleander, Rufinus is dispatched to Dacia, a land of untamed beauty at the edge of the Roman world, with orders to investigate the two legionary commanders there for signs of treason. Uncertain what to expect from his mission, the two generals, or the land itself, Rufinus travels east with Senova and his faithful hound, Acheron. But machinations and skullduggery are afoot in Dacia, and the young praetorian is walking into the heart of empire-changing events. As the generals Clodius Albinus and Pescennius Niger work to put the province right following recent invasions and revolts, Rufinus begins his investigation, suffering insubordinate soldiers, unseen attackers and dangerous locals. At the edge of the world, Rufinus is about to stumble across a web that will put him in direct danger and threaten the empire to its core. Welcome to Dacia."--Publisher description.

Promoted to the elite Praetorian Guard in the thick of battle, a young legionary is thrust into a seedy world of imperial politics and corruption. Tasked with uncovering a plot against the newly-crowned emperor Commodus, his mission takes him from the cold Danubian border all the way to the heart of Rome, the villa of the emperor's scheming sister, and the great Colosseum. What seems a straightforward, if terrifying, assignment soon descends into Machiavellian treachery and peril as everything in which young Rufinus trusts and believes is called into question and he faces warring commanders, Sarmatian cannibals, vicious dogs, mercenary killers and even a clandestine Imperial agent. In a race against time to save the Emperor, Rufinus will be introduced, willing or not, to the great game. "Entertaining, exciting and beautifully researched" - Douglas Jackson "From the Legion to the Guard, from battles to the deep intrigue of court. Praetorian: The Great Game is packed with great characters, wonderfully researched locations and a powerful plot." - Robin Carter

The villain Cleander has fallen, his wickedness gone from the imperial court, but his influence lives on. Amongst the Praetorians, a network of spies, killers and thieves remain, clawing on to the power they have enjoyed. Rufinus, returned to the Guard at the hands of the devious Frumentarii, Rome's imperial secret service, is intent on bringing the entire web of villainy to justice.But Commodus's reign falters, and Rome is in peril. Wolves are at the door and every man with power prepares to make a bid for the purple. In a world of chaos, Rufinus is about to learn that Rome does not harbour corruption. Rome IS corruption...

Two years have passed since the emperor's loyal Praetorian guardsman Gnaeus Marcus Rustius Rufinus foiled Lucilla's great assassination plot. Plagued by the ghosts of his past, Rufinus has enacted his own form of justice upon the praetorian cavalrymen who murdered the imperial agent Dis two years earlier. But the Fates will not let Rufinus rest. Rome is beginning to seethe with rumour and conspiracy as Perennis, the prefect of the Praetorian Guard, and Cleander, the imperial chamberlain, continue to play their 'great game.' With the tide of opinion turning against their commander, Rufinus and his friends embark upon a mission to save the Prefect's family, only to uncover a plot that runs deep... to the very heart of the empire. Armed with rare and dangerous evidence, Rufinus faces insurmountable odds in an attempt to bring the truth to light. To save his prefect. To save Rome. To save everyone he cares about.

Rome has a new emperor: a strong emperor. Septimius Severus, a lion of the battlefield, now moves east to face the usurper Pescennius Niger, contesting with a clever opponent with the ultimate prize in the balance: the throne of Rome. But with civil war raging all across the East, problems abound. One of the frumentarii, the emperor's military agents, has gone missing in Arabia, and with him has gone a list of the service's personnel. With just a slave familiar with the east, Rufinus sets off for an outpost on the edge of the empire, seeking the missing agent in an attempt to save all those on the list before it falls into enemy hands. A war-torn land, treachery and violence await...

A hero is forged in battle and a legend is born in this second installment in the Vespasian series Thracia, AD30: Even after four years of military service at the edge of the Roman world, Vespasian can't escape the tumultuous politics of an Empire on the brink of disintegration. His patrons in Rome have charged him with the clandestine extraction of an old enemy from a fortress on the banks of the Danube before it falls to the Roman legion besieging it. Vespasian's mission is the key move in a deadly struggle for the right to rule the Roman Empire. The man he has been ordered to seize could be the witness that will destroy Sejanus, commander of the Praetorian Guard, and ruler of the Empire in all but name. Before he completes his mission, Vespasian will face ambush in snowbound mountains, pirates on the high seas, and Sejanus's spies all around him. But by far the greatest danger lies at the rotten heart of the Empire, at the nightmarish court of Tiberius, Emperor of Rome and debauched, paranoid madman.
