Sacred Koyasan: A Pilgrimage to the Mountain Temple of ...
Mount K ̄ya (高野山, K ̄ya-san) is the common name of a huge temple settlement in Wakayama Prefecture to the south of Osaka. In the strict sense, K ̄ya-san is the so-called "mountain name" sang ̄ (山号) of the Kong ̄ bu-Temple (金剛華寺, Kong ̄ bu-ji), the ecclesiastical headquarters of the "Koyasan Shingon School". First settled in 819 by the monk K ̄ kai, Mount K ̄ya is primarily known ...

Takes the reader on a pilgrimage to Mount K ̄ya, the holy Buddhist mountain in Japan.

Takes the reader on a pilgrimage to Mount Ko ̄ya, the holy Buddhist mountain in Japan.

Guidebook to Japan's Kumano Kodo, a series of UNESCO-listed pilgrimage routes that crisscross the mountainous Kii peninsula, south of Osaka. Centred on three Shinto-Buddhist shrines known as the Kumano Sanzan, the ancient trails blend great hiking and exceptional natural beauty with a unique insight into Japan's rich history, culture and spirituality. The guide covers the 64km Nakagechi and 63km Kohechi trails in full, as well as the Choishimichi route to Koyasan (20km), the Hongu loop (17km) and highlights of the Iseji trail. It can be used to plan and undertake an independent trek or to enrich an organised tour. Clear route description and mapping is accompanied by comprehensive details of accommodation and facilities, as well as notes on local points of interest and inspirational colour photography. You'll find a wealth of practical information to help with planning, covering transport, climate, accommodation, budgeting, equipment and safety, as well as fascinating background information on history, religion and wildlife. There is also a Japanese glossary and helpful advice on Japanese customs and etiquette. The Kumano Kodo offers a different view of Japan: far removed from the modern cities, this is a world of forested slopes, hidden valleys, waterfalls, traditional villages, moss-covered stone deities and tranquil oji shrines. There are opportunities to experience hot-spring bathing and to sample local cuisine as you follow in the footsteps of emperors, samurai, priests and ascetics traversing traditional flagstone paths and forest trails.

This masterful six-volume encyclopedia provides comprehensive, global coverage of religion, emphasizing larger religious communities without neglecting the world's smaller religious outposts. • Coverage of the religions of more than 240 countries, including all of the larger religious communities, denominations, and sects • Detailed statistical information on the major religious communities in each country • 100+ entries on famous and important religious sites and places of pilgrimage • Biographies of the 100 most influential religious leaders in history • More than 150 photographs, plus maps and illustrations for each nation • A bibliography for each entry

This volume, the result of an international collaboration of forty scholars, provides a comprehensive resource on Esoteric Buddhism and the Tantras in their Chinese, Korean, and Japanese contexts from the first few centuries of the common era to the present.

Values-rich journeys can be described as pilgrimage, spiritual travel, personal heritage tourism, holistic tourism, and valuitic journeys. There are many motivations for undertaking these journeys: the most important being personal values, life experience, personal and social identity, lifestyle, social and cultural influence. This book presents contributions that address pilgrim motivation, identity and values as they are shaped by the broader sociological, psychological, cultural and environmental perspectives. The focus of the book is the travellers themselves and their inner world through the lens of their pilgrimage. The research presented focuses on the typology of pilgrim journeys as ways in which identity and values are presented to a post-modern consumer society, providing interesting and challenging perspectives on the identity of pilgrims in the 21st century.

* This book is available as open access through the Bloomsbury Open programme and is available on www.bloomsburycollections.com. This book examines the trajectory and development of the Japanese religious movement Agonshu and its charismatic founder Kiriyaama Seiyu. Based on field research spanning 30 years, it examines Agonshu from when it first captured attention in the 1980s with its spectacular rituals and use of media technologies, through its period of stagnation to its response to the death of its founder in 2016. The authors discuss the significance of charismatic leadership, the 'democratisation' of practice and the demands made by movements such as Agonshu on members, while examining how the movement became increasingly focused on revisionist nationalism and issues of Japanese identity. In examining the dilemma that religions commonly face on the deaths of charismatic founders, Erica Baffelli and Ian Reader look at Agonshu's response to Kiriyaama's death, looking at how and why it has transformed a human founder into a figure of worship. By examining Agonshu in the wider context, the authors critically examine the concept of 'new religions'. They draw attention to the importance of understanding the trajectories of 'new' religions and how they can become 'old' even within their first generation.

Hoping to rediscover his deeper purpose, Rijumati, an English Buddhist teacher and businessman, embarked on a journey into the unknown: a round-the-world trip by land and sea that became a kind of pilgrimage. Months - and many crises - later he returned with new reverence for ordinary people and places, a sense of veneration for nature 's wonders and a profound gratitude for being human. Part travel diary and part record of a spiritual journey, these pages evoke the sacred, remote places encountered in the outer world alongside the 'inner terrain' that unfolded along the way. If you have ever felt the call of the open road, longed to travel as a form of self-discovery, or just wanted to know how to stay sane whilst getting a visa stamp in Kazakhstan, then Pilgrimage to Anywhere is for you.
