The Economics Book: Big Ideas Simply Explained (Unabridged ...

This is a good book that presents ideas clearly and concisely. However, it is dangerous for those with minimal understanding of economics. It leads to misunderstanding or assumptions about how economics is studied. If you purchase this book and want to be able to intelligently discuss one of the ideas, I highly recommend additional research.

You can achieve your business dream. Beat the odds as you learn from the best - including Henry Ford, Steve Jobs, and Bill Gates - and turn your idea into an amazing and profitable enterprise. The Business Book helps you over the hurdles facing every new business, such as finding a gap in the market, securing finance, employing people, and creating an eye-catching brand. It is a plain-speaking visual guide to 80 of the most important commerce theories including chaos theory, critical path analysis, market mapping, and the MABA matrix. Its graphics and flow diagrams demystify complicated concepts and explain the ideas of seminal business thinkers, such as Malcolm Gladwell's "tipping point" or Michael Porter's "five forces". It shows that you can succeed with stories of rags-to-riches entrepreneurs, including the founders of Hewlett-Packard, who began their global enterprise from their garage. Whether you are a student, a CEO, or a would-be entrepreneur, The Business Book will inspire you and put you on the inside track to making your goal a reality. Series Overview: Big Ideas Simply Explained

series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand. With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

It makes the world go round, but money can truly be an enigma. DK's visual approach breaks new ground. In graphics, charts, and diagrams, *How Money Works* demystifies processes and answers the hundreds of financial questions we all have. Money facilitates the billions of transactions that take place every day across the globe. Using 'need to know' boxes, step-by-step diagrams, and other eye-catching visuals, *How Money Works* shows you how this is possible. It explains economic theories, how governments raise and control money, what goes on in the stock exchange, how analysts predict where shares are heading, and many other issues. It busts jargon, explaining terms such as quantitative easing, cash flow, bonds, superannuation, and the open market. Our forefathers may have used simple bartering to exchange goods and services, but today we depend on complicated financial instruments for pensions, life assurance, mortgages, and more. *How Money Works* explains how these work, as well as how to avoid on-line fraud and where to invest. With information on the latest forms of funding and currencies such as Bitcoin, this comprehensive book will fast track you to financial literacy and getting the most from your hard-won cash.

Exploring more than 80 of the big ideas and key theories in the field of sociology in a clear and simple way, this is the perfect introduction to the study of how humans live and interact with each other. The *Sociology Book* offers a deep dive into a range of societal issues, ranging from government and gender identity to inequalities, globalization, and even the "Disneyfication" of today's world. New globalizing forces make our world increasingly interconnected. Similar issues affect us all: discover the tension between the needs of the individual and society, the changing workplace, and the role of everything from government to mass culture in our lives. To explain each concept, *The Sociology Book* makes each topic crystal clear using quirky graphics, pithy quotes, and step-by-step summaries. It defines terms such as "liquid modernity" and "communitarianism", and explains the theories of seminal thinkers from Karl Marx and Auguste Comte to Sharon Zukin and Judith Butler. Examining everything from antisocial behavior to how the middle classes monopolize the best jobs, *The Sociology Book* is an unmissable read for students and anyone interested in human behavior. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand. With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

Provides a comprehensive explanation of how the economy works while examining the roots of the current crisis and offering advice to prevent future meltdowns.

Politics affects us all and the same questions reverberate across history. Who should rule? Is property theft? What's mightier - the bullet or the ballot? Discover 80 of the world's greatest thinkers and their political big ideas that continue to shape our lives today. Humankind has always asked profound questions about how we can best govern ourselves and how rulers should behave. The *Politics Book* charts the development of long-running themes, such as attitudes to democracy and violence, developed by thinkers from Confucius in ancient China to Mahatma Gandhi in 20th-century India. Justice goes hand in hand with politics, and in this comprehensive guide, you can explore the championing of people's rights from the Magna Carta to Thomas Jefferson's Bill of Rights and Malcolm X's call to arms. Ideologies inevitably clash and *The Politics Book* takes you through the big ideas such as capitalism, communism, and fascism exploring their beginnings and social contexts in step-by-step diagrams and illustrations, with clear explanations that cut through the jargon. Filled with thought-provoking quotes from great thinkers such as Nietzsche, Karl Marx, and Mao Zedong, *The Politics Book* is a thought-provoking and unmissable read for both students and everyone interested in how the world of government and power works. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand. With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

Travel thousands of years into our past and discover the significant events that shaped the world as we know it. This book includes short, descriptive explanations of key ideas, themes, and events of world history that are easy to understand. Explore topics such as the founding of Baghdad, the colonization of the Americas, and the inception of Buddhism without complicated jargon. This book is part of DK's award-winning Big Ideas Simply Explained educational series that uses witty graphics and engaging descriptions to enlighten readers. Don't stop at American history, explore the world! This book is full of fun facts from the human story, going as far back as the origins of our species to space exploration today. Discover all things revolution, from the French to the digital, including the rise of the internet. Enjoy short and sweet biographies of some of the most important thinkers and leaders throughout history, like Martin Luther, Charles Darwin, and Nelson Mandela. You'll learn who said famous historical quotes, and what they really meant when they said it. Big Ideas This is a modern twist on the good old-fashioned encyclopedia, now easier to follow with diagrams, mind maps, and timelines. Step-by-step diagrams will have you reviewing your ideas about history. Start from the very beginning: - Human Origins 200,000 years ago - 3500 BGE - Ancient Civilizations 6000 BGE - 500 CE - The Medieval World 500 - 1492 - Early Modern Era 1420 - 1795 - Changing Societies 1776 - 1914 - The Modern World 1914 - Present The Series Simply Explained With over 7 million copies sold worldwide to date, *The History Book* is part of the award-winning Big Ideas Simply Explained series from DK Books. It uses innovative graphics along with engaging writing to make complex subjects easier to understand.

Economics in Minutes condenses key economics concepts into 200 short and easily digested essays. Featuring not only fundamental ideas, such as the role of money and how the stock market works, but also subjects that are increasingly important to us today - unemployment, government debt and corporate tax avoidance, for example. *Economics in Minutes* is the ideal introduction to a complex and vital subject. Key topics are succinctly described and accompanied by illustrations, making them simple to read and easy to remember. This convenient little reference guide will allow readers to understand the theories underpinning a subject that affects our lives on a daily basis. Chapters include: Supply and demand, globalization, market failure, GDP and happiness, risk and uncertainty, living standards and productivity, Game theory, economics and culture.

Takes a fascinating journey through the greatest minds of economic thought the world has ever seen.
