The Gospel of James (or "Infancy Gospel of James"), a work of the 2nd century, also presents itself as written by James - so that his authorship would lend authority. In a 4th-century letter pseudographically ascribed to the 1st century Clement of Rome, [53] James was called the "bishop of bishops, who rules Jerusalem, the Holy Church of the Hebrews, and all the Churches everywhere".

Answer: The Infancy Gospels are a small group of writings that claim to provide details about Jesus' childhood. Inspired Scripture says little about Jesus' life between His birth and the start of His public ministry. In contrast, the Infancy Gospels contain extensive stories about a pre-teen Jesus and His family.

The Infancy Gospel of James, otherwise known as the Protoevangelium Gospel of James, begins by introducing part of Mary's lineage. It informs the reader of Joachim and Anna, Mary's parents.

Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Brother of the Lord Jesus, chief Apostle and first Bishop of the Christians in Jerusalem. This Gospel is ascribed to James. The allusions to it in the ancient Fathers are frequent, and their expressions indicate that it had obtained a very general credit in the Christian world. The controversies founded upon it chiefly relate to the age of Joseph at the birth of Christ, and to his being a widower with children, before his marriage with the Virgin. The Gospel of James, also known as the Infancy Gospel of James or the Protoevangelium of James, is an apocryphal gospel probably written about AD 145, which expands backward in time the infancy stories contained in the Gospels of Matthew and Luke, and presents a narrative concerning the birth and upbringing of Mary herself. It is the oldest source outside the New Testament to assert the virginity of Mary not only prior to, but during (and after) the birth of Jesus. The ancient manuscripts that preserve the book have different titles, including "The Birth of Mary", "The Story of the Birth of Saint Mary, Mother of God," and "The Birth of Mary; The Revelation of James." The New Testament apocrypha are a number of writings by early Christians that give accounts of Jesus and his teachings, the nature of God, or the teachings of his apostles and of their lives.

The various versions of the Infancy Gospels illustrate how stories about the Virgin and Child lend themselves to be told and retold - much like the stories in the canonical Gospels. This first translation of the full text of the Armenian Gospel of the Infancy, itself derived from a sixth-century Syriac text that no longer exists, provides two variants of the famous narrative and several recensions or ancient editions. Stories about Jesus, many of them unique to this gospel, are included to show how he exercised his sovereign and divine will even as a child. This edition also contains three early Armenian versions of the Protevangelium of James, which with other ancient sources dependent on it (like the Infancy Gospel of Thomas and the Gospel of Pseudo-Matthew) constitute the basic tradition in the formation of the later Infancy Gospels. These writings are our earliest sources about the parents of the Virgin Mary (Joachim and Anne) and her miraculous birth. They also form the basis for the dogma of her Immaculate Conception and perpetual virginity after the birth of Jesus, and lay the ground for certain of the Marian feasts celebrated since the fourth century. Terian's engaging introduction and annotation of the texts place this rare document clearly in its cultural and historical context and provide extensive references to the surrounding textual tradition. These extraordinary stories will appeal to all with an interest in the early church.

The Protevangelium of James tells stories about the life of the Virgin Mary that are absent from the New Testament Gospels: her miraculous birth to Anna and Joachim, her upbringing in the temple, and her marriage at the age of twelve to the aged widower Joseph. The text also adds significant details to the well-known stories of Jesus' conception, birth, and escape from the slaughter of innocents perpetrated by Herod the Great. Despite its noncanonical status, the Protevangelium of James was extremely influential in churches of the East, and since its publication in the West in the sixteenth-century has captured the imagination of readers all over the world. This study edition presents a fresh, new translation of the text with cross-references, notes, and commentary. The extensive introduction makes accessible the most recent scholarship in studies on Mary in Christian apocrypha, offers new insights into the text's provenance and relationship to Judaism, and discusses the text's contributions to art and literature.

When Jesus was five he killed a boy, or so reports the Infancy Gospel of Thomas. A little boy had run into Jesus by accident, bumping him on the shoulder, and Jesus took offense: "Jesus was angry and said to him, 'You shall go no further on your way,' and instantly the boy fell down and died." A second story recounts how Jesus transformed mud into living birds, while yet another has Joseph telling Mary to keep Jesus in the house so that no one else gets hurt. What was life really like in the household of Joseph, Mary, and little Jesus? The canon of the New Testament provides few details, but ancient Christians, wanting to know more, would turn to the texts we know as the "Infancy Gospels." The Infancy Gospel of Thomas is a collection of stories from the mid-second century C.E. describing events in the life of Jesus between the ages of five and twelve. The Proto-gospel of James, also dating from the second century, focuses on Mary and likewise includes episodes from her childhood. These gospels are often cast aside as marginal character sketches, designed to assure the faithful that signs of divine grace cropped up in the early years of both Mary and Jesus. Christopher A. Frilingos contends instead that the accounts are best viewed as meditations on family. Both gospels offer rich portrayals of household relationships at a time when ancient Christians were locked in a fierce debate about family—not only on the question of what a Christian family ought to look like but also on whether Christians should pursue family life at all. Describing the conflicts of family life, the gospels present Jesus, Mary, and Joseph in moments of weakness and strength, reminding early Christians of the canyon separating human ignorance and divine knowledge. According to Frilingos, the depicted acts of love and courage performed in the face

of great uncertainty taught early Christian readers the worth of human relationships.

This Gospel gives the account of the sayings and doings, but specially of the miracles, of Jesus in His boyhood up to His twelfth year. The reference to one of the stories in Irenus (above, p. vi.), shows that the work originated in Gnostic circles, and was in use in substance in the second half of the second century. It is cited by Origen (Hom. i. in Luc.), and after him frequently by Fathers of the Church. We do not, however, possess the Gospel in its original form, but only in much later Catholic recasts—two of them Greek, one Latin, and one Syriac. Of the first and longer Greek version (that adopted in this volume) several MSS. exist; the second Greek version is much abbreviated; the Latin, on the other hand, is considerably enlarged. The two latter versions were discovered by Tischendorf, as also a third closely-related version, which he took to be a continuation of Pseudo-Matthew. The Syriac version of Dr. Wright is again short, and omits extensive portions. The character of the stories which make up the Gospel has already been described. The spirit which pervades them is well expressed in the remonstrance to Joseph of the parents whose child Jesus had killed: 'Since thou hast such a child, it is impossible for thee to live with us in the village; or else teach Him to bless and not to curse; for He is killing our children' (chap. iv.); and in the saying in chap. viii., 'And no one after that dared to make Him angry, lest He should curse him, and he should be maimed.' Only three or four miracles of mercy occur (chaps. vii., viii., xiv., xv.). In addition to the stories of miracles in the other versions, the Latin version has one of Jesus making a dried fish to breathe and swim.

These are two of many texts that were removed from the Bible, centuries ago. The First Gospel of the Infancy of Jesus Christ tells stories of the early events in the life of Christ, including miracles; although, also included are stories depicting the childhood Jesus behaving less sacredly than one might expect. The Second Gospel deals primarily with the birth of the Virgin Mary herself and her own life during pregnancy and up to the birth of Jesus.
