The Relic by Douglas Preston and Lincoln Child is a masterpiece!! The Relic's been compared to Crichton's 2 Jurassic Park novels, and it's hard not to see why. They're all really well written in the same scary & suspenseful style and both use themes of genetics and evolution, not to mention the creature/monster aspect of both.

Relic is the 1st Pendergast novel, and it is set in the Museum of Natural History in NYC -- one of my favorite haunts growing up there in the '50s and '60s. After reading this horrific, but well-written book, I'm not sure I'd brave the museum again. The book is truly terrifying. I wish it had been about 75 pages shorter.

Relic is the first book in the Pendergast series co-written by Douglas Preston and Lincoln Child. I'd heard of the books and knew they were highly recommended, but I never dove into them. Recently, a blogger friend suggested I give the series a chance (thanks Mae), so I ordered Relic from the library and read this 1995 hit.

From United Kingdom. Brian Kitchen. 5.0 out of 5 stars Excellent Scottish Crime Thriller. Reviewed in the United Kingdom on 18 September 2020. Verified Purchase. This is the first of Colin Garrow's books that I have read and I really enjoyed this gritty Scottish crime novel. Mainly set in Inverness and Aberdeen, the main character in the story, Relic Black, is a thief, taking things that don't belong to him, such as credit cards, golf clubs, cars and people's identities.
