My daughters (8 and 9) love this. I bought them the boys' version too, so they can understand what's happening to their friends as well. Compared to other books of the same type, there are fewer technical details and lots of information about the psychological and social aspects of puberty alongside the physical changes.

What's Happening to Me? Girls Edition Facts of Life ...

"What's Happening to My Body?" for Girls features detailed coverage, in age-appropriate language, of the body's changing size and shape, the growth spurt, the reproductive organs, the menstrual cycle, romantic and sexual feelings, puberty in the opposite sex, and much more. Includes a comprehensive resource section and line drawings.

What's Happening to My Body? Book for Girls: Revised ...

What's happening to me You might be feeling confused and frightened by what you're experiencing, particularly if this hasn't happened to you before. This is where you have the chance to notice any symptoms you might have and read about what they might mean, which might help you to better understand your situation right now.

What's happening to me | Mind, the mental health charity ...

"Whats Happening to Me?" I bought this for my daughter when she was age 9, it was a great book to start the discussion of how and why her body is changing, it was so easy to read and understand. I have recommended it to many friends who are also looking for a book to bring up the subject but felt that many other books on the market go into far too much depth for a child of this age.

"What's happening to me? (girls)" at Usborne Children's Books

Children from across the UK pose questions to a number of adults about puberty and how our bodies change. In this short film you will see small groups of children ask questions on behalf of their ...

RSE KS2: Puberty - What's happening to my body? - BBC Teach

Sometimes bad things happen to people, and it really shakes them up. It's like their body and mind have had a big shock, and it takes time for it all to calm down again. If your Mum or Dad has gone through something bad, they might be behaving differently, and you might feel confused and worried about that. Are any of these things happening
